

AB McLAUCHLAN :: WELLIVER METAL

Service Bulletin #01-92
December 4, 1992

Attention: Parts Managers
RE: Tecumseh Engines

The Tecumseh, Model VH-70, 7hp engine which we have been using on our model F525 paver and D550 (prior to S/N D9999-K-7) has been discontinued and will no longer be available.

F525 Pavers starting at S/N F10376-K-2 will no be equipped with an 8hp Tecumseh engine, model TVXL 195. This new engine is also available in retro fit kit form.

F525 Pavers prior to S/N F10376-K-2 use:

Part# 525317 for Right hand side
Part# 525329 for the Left hand side

D550 Pavers prior to S/N D9999-K-7 use:

Part# 550793 for either side

For further replacement of engines from S/N F10376 and up, use Part# 525334 for either side. This part# **DOES NOT** include the exhaust manifold.

New parts pages for your manuals will follow as they become available.

Please pass this information on to your Service Dept. and Sales Dept.
