

**AB McLAUCHLAN :: WELLIVER METAL**

**Service Bulletin #04-88  
April 18, 1988**

**Attention: Parts Manager  
RE: Propane Hose and Valve**

Effective April 13, 1988, Propane Hose part# A-480 is no longer available from our suppliers. The problem is with the left hand thread hose end fitting.

All Pavers, starting at S/N# H-10045-B-8, and including the following serial numbers:

F-10032-N-8	D-10034-K-8
F-10039-N-8	D-10036-K-8
F-10040-N-8	D-10037-K-8
F-10041-N-8	D-10038-K-8

Will be equipped with the new hoses, part# 500-889, needle valve part #500-885 (which replaces part #A-470) and adapter part #500-886 (which replaces part# A-481). Part# A-470 and #A-481 are still available for use with existing A-480 hoses.

To order replacement hoses for prior serial number pavers, order part #500-890. This is a Retro-Kit which consists of:

1	500-889	Hose
1	500-887	Adapter
1	500-888	Adapter

To insure receiving the correct parts it will be necessary to confirm the serial number of the paver the parts will be used on.

Please pass this information along to your Service Department.
